Building Department / Code Enforcement

On September 5, 2017 The City of Ingleside passed Resolution # 2017-25 setting fourth that homeowners whose homes are damaged and have been declared uninhabitable may reside in an RV (Recreational Vehicle) on residential property with an approved repair/remodel permit for a maximum of **6 months**. An extension may be granted by the Building Official, or their designee, in conjunction with an active permit for the property affected. The allowed six months' time

frame expired in March of 2018, therefore, all RV use in areas not specifically zoned for RV use must cease and desist, except in conjunction with an active Building Permit. Homeowners that can provide documentation supporting their need for continued use of an RV due to their residential dwelling being damaged by Hurricane Harvey and are actively pursuing FEMA or insurance claims may be granted an extension from the Building Official.

Requests for extensions must be presented to the Building Official at 2665 San Angelo, Ingleside, TX 78362.

Ingleside Animal Control

We are taking this opportunity to Educate Citizens on some of the laws that Animal Control Officers are to enforce. Some of our Ordinances refer to the Texas State Health and Safety Code Chapter 821, which can be found in the internet.

Ingleside Code of Ordinances:

Sec. 14-40.-Restraint.

- It shall be unlawful for an owner to fail to keep such owner's animals, except cats, under restraint, and no animal shall be allowed to roam at large.
- A person shall not restrain an animal with a chain, leash, or tether to a fixed object in violation of Texas Health Safety code 821.077 the complete ordinance can be read on the City of Ingleside website.

The following is TSHS Code:

Sec. 821.077. UNLAWFUL RESTRAINT OF DOG

- An owner may not leave a dog outside and unattended by use of a restraint that unreasonably limits the dog's movement:
- between the hours of 10 p.m. and 6 a.m.; or
 - within 500 ft of the premises of a school; or

- In case of extreme weather conditions, including conditions in which:
 - The actual or effective outdoor temperature is below 32 degrees Fahrenheit;
 - a heat advisory has been issued by a local or state authority or jurisdiction; or
 - A hurricane, tropical storm, or tornado warning has been issued for the jurisdiction by the National Weather Service.
- In this section, a restraint unreasonably limits a dog's movement if the restraint:
- uses a collar that is pinch-type, prong-type, or choke-type or that is not properly fitted to the dog;
 - Is a length shorter than the greater of:

- five times the length of the dog, as measured from the tip of the dog's nose to the base of the dog's tail; or
- 10 feet;
- is in an unsafe condition; or
- Causes injury to the dog.

Sec. 821.078. are the exceptions to 821.077, please read this section as well before calling to report possible neglect or abuse.

We appreciate your concerns and love for the Fur babies in our City, you can keep current on the Ordinances on the City of Ingleside website. The section for Animal Control is #14, efforts are being made to bring out Ordinances up to date. Check them to find out what the current rules and regulations are. Check our Facebook page at: [Ingleside Animal Control Shelter](https://www.facebook.com/InglesideAnimalControl/), to see what is going on in our world.

Thank You for your continued support, Animal Control Officers: Sue Cave and Jennifer VanAtten.

If you do not have access to register online please contact the City of Ingleside Emergency Management Office at 361-776-7422.

Preparing isn't just about Hurricanes there are many things you can do to be better prepared. There is a website that can assist you in taking steps to prepare yourself, your family and your business. Do1thing.com breaks it down into 12 easy steps so you can do one each month. For the months of July, August and September they suggest you work on the following:

- * July – Family Communication Plan
- **Develop a family communication plan to talk with one another before, during and after an emergency. This can be done in many ways, but don't always depend on having your phone available. Create a list of names and phone numbers that you can have available in case you lose the battery on your phone.**
- * August – Get Involved
- **Make our community stronger by getting trained as a volunteer and help teach others about preparedness.**
- * September – Be Informed
- **Make sure everyone in your household knows what to do when they hear an emergency alarm. Practice fire drills and setup a meeting area.**
